10:15a – 10:45a	Break	
10:45a – 11:30a	<p>Track 1A: Eight Things You May Not Know</p> <p>Establishing best practices for non-employee labor is complex, and a VMS is more than just a mechanism for onboarding temps and managing spend. During this engaging session, you will discover eight key elements to successfully managing your non-employee workforce. By leveraging best practices to mature your contingent labor programs and extend the reach of your services procurement platforms, you can focus on unseen savings, gain efficiency and, most importantly, create value.</p>	Industry Track Session Workshops
	<p>Track 1B: Managing the Complex Program</p> <p>Ask a dozen companies for a list of all the types of non-employee workers and services they use and chances are you will receive a dozen different answers. In this session, discuss with experts the complexities of a unique and growing non-employee workforce and explore the challenges of growing your program to include statement of work, industrial labor, and headcount tracking. Learn why it is important to manage all types of non-employee workers, and also why companies like yours are now combining the non-employee workforce with the employee workforce to achieve total workforce planning.</p>	
	<p>Track 1C: Driving Success and Engagement through Technology</p> <p>Learn how labor, HCM and other industry trends are impacting VMS platforms and contingent workforce management. In this informative session, we will share how truly innovative companies are using technology to be at the forefront of tomorrow's workforce solutions through IQNavigator's IQNvision strategic initiatives.</p>	

THURSDAY, APRIL 9 Con't.		
11:45a – 12:30p	<p>Track 2A: Lions and Tigers and ACA, Oh My! ACA and all of the hidden risks of managing a non-employee workforce can really make you feel like we're not in Kansas. This session will take a closer look at some of these risks, plus will help you understand new options for ensuring ACA compliance—for a best-practices approach to managing your non-employee workforce program.</p>	Industry Track Session Workshops
	<p>Track 2B: Strategies for Winning the War for Talent Do you have the right tools and strategies in place to battle for the right talent at the right time for the right price? Online marketplaces and talent pools are increasingly becoming a venue for sourcing and supplementing contingent labor programs. Learn more about this quickly growing segment, who's using it, and how these venues can equip you to grow a successful non-employee workforce program.</p>	
	<p>Track 2C: Beyond Business Intelligence: Transform Your Non-Employee Workforce Program with Exploratory and Advanced Analytics Be a CWM Superstar! This session will introduce you to the cutting-edge use of data in understanding and improving your non-employee workforce program. We'll introduce you to several data-driven strategies that will drive insights and optimize your CWM program.</p>
